A product designer with 20 years of experience.
I help teams design apps and services that are easy
to understand and enjoyable to use.

Work	Profi.ru 2024–2025	Profi.ru is a major Russian platform for hiring service professionals. I designed and helped ship more than 10 new features. My largest project was a redesign of the main order scenario (web/desktop), resulting in a 5% increase in completed deals.
	Kaspersky 2021–2023	I was a lead designer at Product Studio, an innovation unit within Kaspersky. I helped the team to evaluate new product ideas through concept design and user testing. We evaluated more than 20 ideas.
	SKL.VC 2019–2021	SKL.VC was a venture builder based in Moscow. I led the design team, iterated on multiple concepts, and designed applications for five startups.
	Positive Technologies 2017–2019	Positive Technologies is a major security company. I led the design of Telecom Attack Discovery, a signaling firewall for mobile network carriers.
	Sberbank 2015–2016	Sberbank is the largest bank in Russia. I helped design and deliver the internet-banking web app for branches in the Czech Republic, Croatia, and Germany.
	Repka 2011–2015	Repka was an online marketplace for collective shopping. I designed the service from scratch and helped build the community. The startup reached 150,000 users and over 2M listed items.
	Mem2 2008–2011	Mem2 was a knowledge-management startup. I researched the domain and designed a web application that offered an innovative way to organize information.
	Lanck Telecom 2005–2008	Lanck Telecom is one of the largest wholesale VoIP operators in Russia. I designed several analytical tools that helped the company increase profits by 45%.
Education	British Design School Moscow, 2010–2011	One-year course in type and typography. As a capstone project, I designed a text typeface with a distinctive Russian style.
	ITMO University St. Petersburg, 1999–2004	Studies in fundamental sciences, engineering graphics, and design basics. For my thesis I designed and developed an online publishing tool for educators.
